

RESOLUTION No. 29

Designation of OIE Collaborating Centres

CONSIDERING THAT

1. The OIE's *Basic Texts* provide the Terms of Reference, designation criteria, and internal rules for OIE Collaborating Centres,
2. The Terms of Reference of each of the four elected OIE Specialist Commissions include the responsibility to examine applications from Member Countries relating to the designation of new OIE Collaborating Centres with activities corresponding to the Commission's area of expertise,
3. All OIE Collaborating Centres applications are assessed by the appropriate OIE Specialist Commission using standardised criteria that include: the institution's ability, capacity and readiness to provide services; the scientific and technical standing of the institution concerned at the national and international levels; the quality of its scientific and technical leadership including internationally recognised expertise; the institution's prospective stability in terms of personnel, activity and funding; and the technical and geographical relevance of the institution and its activities to OIE's programme priorities,
4. Details of the applicant institutions that have been assessed by a Specialist Commission are published in the report of the meeting of the Commission,
5. All Collaborating Centre applications are assessed by the corresponding Regional Commission and endorsed by the OIE Council,
6. Proposals for a major change in an OIE Collaborating Centre follow the same procedure,
7. Article 4 of the Internal Rules for OIE Reference Centres states that "Applications endorsed by the Council shall be presented to the Assembly for approval".

THE ASSEMBLY
