Implementation of PVS Pathway in Central Asia

OIE Regional Commission for Europe
Paris, 23rd May 2016
The OIE collaborates with governments, donors and interested parties

- Since 2007, all Central Asia countries requested PVS missions
- Follow-up PVS missions done or requested when needed, except in Uzbekistan

The OIE collaborates with governments, donors and interested parties

- Since 2007, all Central Asia countries requested PVS missions
- Follow-up PVS missions done or requested when needed, except in Uzbekistan
Diagnosis: PVS evaluations
(15 May 2016)
Prescription: PVS Gap analysis
(15 May 2016)

Treatment

Treatment phase, based on “in depth analysis” of the results and needs for improvement identified

- requested by the countries, on the basis of Evaluation findings (PVS and Gap)
- with a proposal for funding
- technical support provided by OIE, according to a program of improvement for the compliance of VS with international standards

Twinning programs (laboratories, veterinary education, veterinary statutory body)

Specific assistance since 2014 (strategic plan, specific diseases, legislation, VSB, education, veterinary drugs)
Treatment: Twinning programs

**Laboratory**

- Parent: Italy, Teramo (IZSAM) - USA
- Candidate: Kazakhstan, Astana / Brucellosis
  - (NVRC, National Veterinary Reference Centre)
  - (11-2013 / 12-2015)

**Veterinary education**

- Parent: France (ENV Toulouse)
- Candidate: Kazakhstan, KazNAU Consortium of vet faculties
  - (05-2014 / 05-2017)

**Veterinary Statutory Body**

- Parent: Poland VSB
- Candidate: Kyrgyzstan Veterinary Chamber

Kazakhstan: PVS dynamics in action

- 2007: PVS
- 2008: PVS
- 2009: Gap
- 2010: Legislation
- 2011: PVS
- 2012: PVS
- 2013: PVS
- 2014: PVS
- 2015: Specific assistance
  - FMD
- 2016: Specific assistance
  - FMD simulation exercise
  - Brucellosis
  - Bovine leucosis
- 2017:
First improvements thanks to PVS support

Kyrgyzstan

• Animal identification
• VSB (2011)
• Animal diseases control improvement (echinococcosis, rabies, brucellosis)
• New strategic plans on eight priority diseases (anthrax, bovine leukemia, brucellosis, echinococcosis, FMD, PPR, rabies, sheep and goat pox)

In preparation

• "Health Code on animals and food safety"
• "Strategic Development Plan of the Veterinary Services for 2016-2020 "
First improvements thanks to PVS support

Kazakhstan

- Strengthening of Veterinary Services to create new strategic plan for the development of VS
- Animal identification
- Upgrade of equipment and capacity of vet services
- Improvement of veterinary legislation
- Risk-based strategic plans
- Improvement of control planning of diseases with risk assessment

Outcome

- New FMD status for the North part of the country
First improvements thanks to PVS support

Uzbekistan

- Regulation and decisions on improvement of state veterinary services
- December 2015, Law on Veterinary Medicine
- Update of veterinary legislation, in accordance with OIE Code and Codex Alimentarius
- 4 new vet laboratories set up and newly equipped
- 2 new labs planned
First improvements thanks to PVS support

06/2012, Implementation Plan on the management of the State Veterinary Service

84th GS : Agreement TKM-OIE :
* EDFZ
* technical assistance (development horse breeding)

Construction of quarantine facility going on

Central Veterinary Laboratory of Turkmenistan : construction planned

TURKMENISTAN
### Support also leads to exchanges of experience

#### Veterinary Statutory Body in KGZ

- Kyrgyzstan Veterinary Chamber, created in 2011, participating to the VEE global conference (Brazil, 2013) to present “The experience of establishing VSB in KGZ”

#### Twinning laboratory on brucellosis in KAZ (11-2013 / 12-2015)

- Closing meeting in Astana (3-4 December 2015)
- Experience shared with: Azerbaijan, Kyrgyzstan, Tajikistan and Uzbekistan
- Reference lab in the region?

#### Veterinary education in KAZ (05-2014 / 05-2017)

- Meeting in Almaty (10-12 October 2016)
Still pending, the question of funding

Lack of funding expressed by countries (internal and external)

Independent projects within the region, funded by different international organizations

Need for a better involvement of OIE and PVS findings in these projects

On the way

MoU of Central Asia cooperation and involvement of the countries

Coordination with WHO when appropriate (One health)
Thank you for your attention
